DONJOY®

DONJOY ACTISTRAP 2.0™

Firmer lumbar support for active lifestyles

For active patients with low back pain and muscular weakness, go for DonJoy Actistrap 2.0™. With adjustable bilateral straps and four semi-rigid dorsal stays, it's the lumbar support that can help deliver pain relief and firmer postural control.

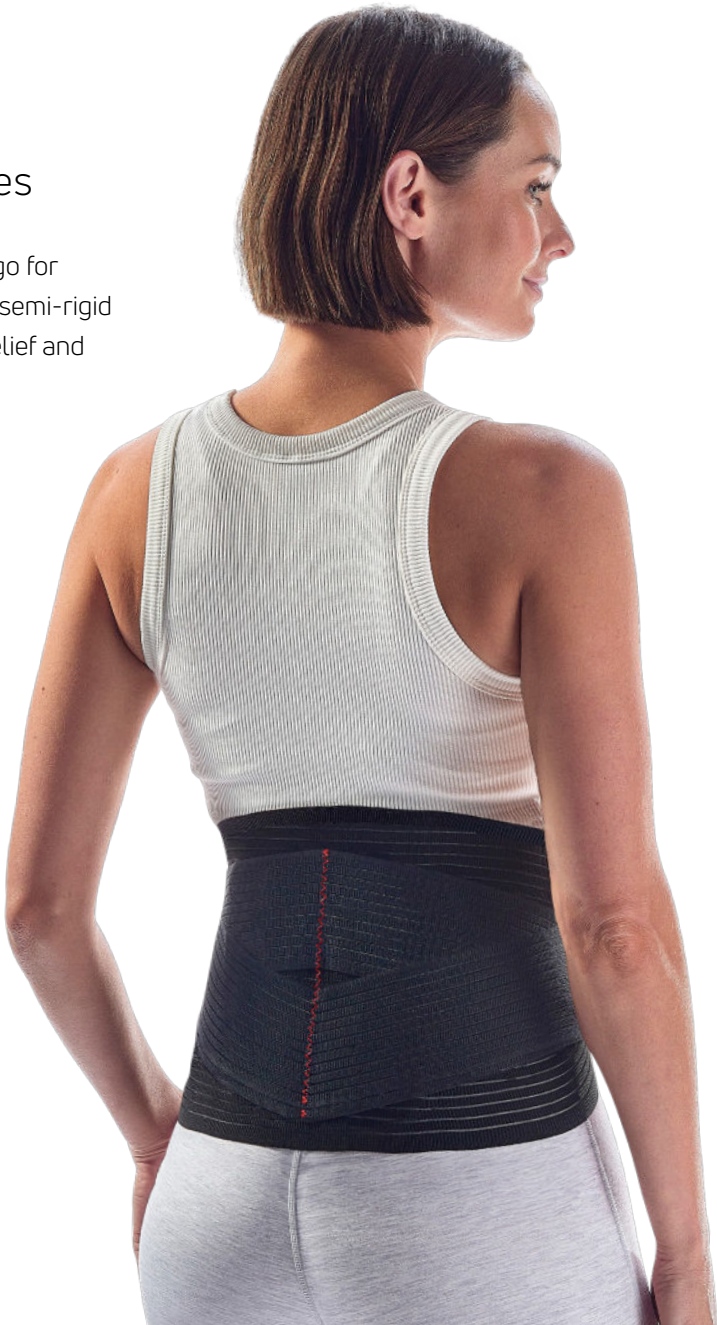

INTENDED USE/INDICATIONS

The DonJoy Actistrap 2.0 is designed to provide comfort and support of the lumbar spine. It may be suitable for the symptomatic relief of acute and chronic low back pain. Provides compression without significant restriction of mobility, can be adjusted as and when required by the adjustable strap.

- Acute lower back pain
- Chronic low back pain
- Muscular weakness

FEATURES AND BENEFITS

- **Available in 2 heights 26 cm and 21 cm**, allowing enhanced fit for male and female patients
- **Dual hand loops** for easy application
- **4 semi-rigid dorsal stays** to provide support to the lower back
- **Adjustable bilateral straps** for firmer postural control
